For dental professionals looking to make any referrals you can easily contact us via the website, no more need for forms and papers, we are just a click away!

## State of the Art Surgeries

At SmileDent we pride ourselves on our state of the art surgeries ready and equipped with the best that the dental world can provide. Here's a little snippet of our surgery to feast your eyes on, be it a simple filling or full mouth rehabilitation we have the tools to get you dentally fit again!

## CQC and Decontamination Legislation

The Dental world has recently faced much criticism over the practices used in order to make sure cleanliness within practices is kept at its best. With regulatory bodies stating ways in which we can maintain best practice. SmileDent is one such practice fulfilling these best practices with a separate decontamination room and a nurse dedicated to making sure that all the equipment used is cleaned and sterilized to the highest standards. Our patient's safety is paramount.
